

# Trustees Summer Camps 2021 COVID-19 RELATED HEALTH & SAFETY STATEMENT

We believe in the power of outdoor experiences for children and are excited to be developing eight Trustees camp programs for 2021. With our success at running COVID-free camps in summer 2020, we are confident that parents, campers, and staff will feel safe, embraced, and exhilarated at our camps after this challenging school year. We look forward to working in partnership with families to keep everyone as healthy as possible this summer.

Please know that our rigorous COVID-19 protocols and procedures follow all requirements and the Lowest Risk and Best Practices protocols from the following:

- [CDC's Guidelines for Youth and Summer Programs](#)
- [American Camp Association Field Guide for Camps on Implementation of CDC Guidelines](#)
- [Massachusetts Minimum Requirements for Child Care and Youth Serving Programs](#)
- Licensing inspection by each town's Board of Health is required before camp opens and follows any additional guidelines determined by the town.

Throughout the winter and spring, we will be participating in seminars, trainings, and panels to determine best practices in response to the ever-emerging health situation in Massachusetts. Our health and safety plans for summer 2021 will be in full alignment with the latest research, medical methods, and federal, state, and local requirements and recommendations.
