

The Trustees strives to create inclusive spaces of belonging across our organization and properties. Ensuring everyone can enjoy the places we care for is an ongoing effort and we are working to create solutions for accessibility at more and more of our reservations all the time. This map shows our current range of accessible or wheelchair-friendly trails, accessible indoor spaces, features, and places where adaptive equipment is available.

Visit the Facilities & Accessibility tab on each reservation's landing page on the Trustees website for information on current accessible features, or go to thetrustees.org/accessibility for an overview and links to find accessible features throughout all Trustees special places. If you have any questions in advance of your visit, please contact a property directly for details on currently available accessibility features (on the Directions & Contact Info tab on reservation landing pages.)

Accessibility at Trustees Reservations

Doane's Falls, Royalston ©TRUSTEES

KEY TO ACCESSIBILITY FEATURES

TRAILS

Reservations that provide **WHEELCHAIR-ACCESSIBLE** trails are indicated on the map by **WA**. Some others have trails that are **WHEELCHAIR-FRIENDLY**, indicated by **WF**, and assistance may be required in order to access all parts of the trail(s).

ACCESSIBLE INDOOR SPACES

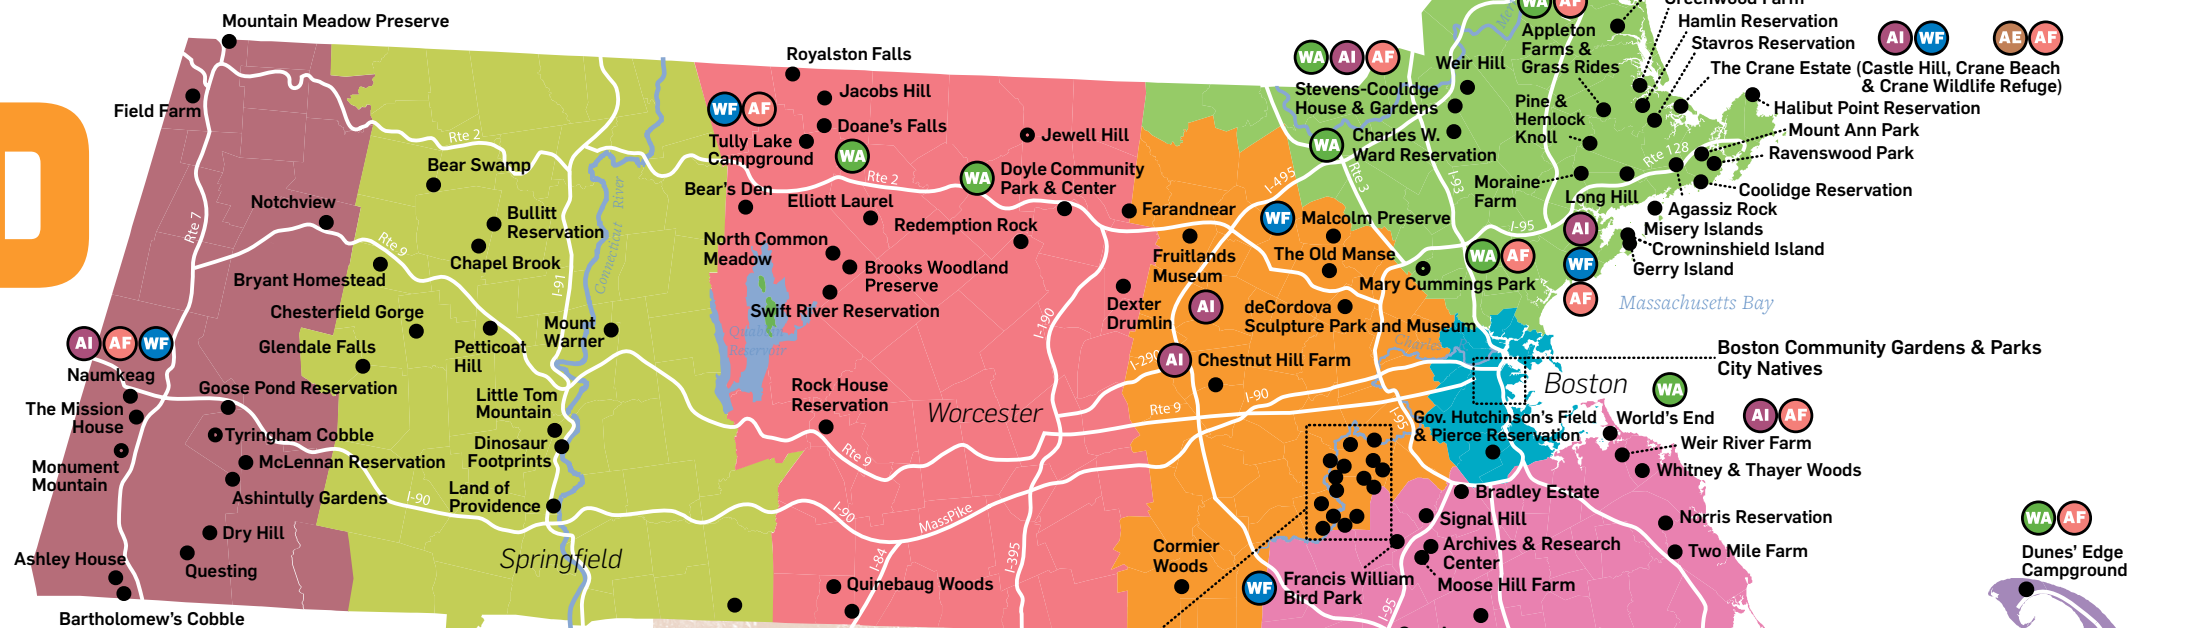

Indoor spaces such as historic houses and teaching facilities are available to mobility-impaired visitors and program participants.

ADAPTIVE EQUIPMENT

Crane Beach in Ipswich and Long Point on Martha's Vineyard each have a waterproof beach wheelchair available for use by mobility-impaired and challenged visitors and beach transport service is available from the parking areas. Inquire at each property's entry gate for both services. At Crane Beach, the bathhouse is also fully accessible.

ACCESSIBLE FEATURE(S)

These properties have one or more features to make your visit more welcoming, such as wheelchair-friendly picnic tables and accessible restrooms.
