

HALLOWEEN ON THE HILL

Sensory-Friendly Hour Social Story 2026

Long Hill. Beverly

Entrance & Check In

On my way to Halloween on the Hill, I will park in a grassy field. I will watch where I walk as the ground may be uneven. I will walk toward the entrance and check in area by following the rope lighting that outlines the path. This tells me that I am going the correct way. I will see a large sign in the shape of a pumpkin. This will tell me I am at the entrance.

At check in, I will see witches hats hanging from the roof. If it is windy, they might be moving from side to side. There will be a staff member there that I will check in with and get a sticker to wear. I am ready to start the trail. There will be Sensory Kits and extra Social Stories available.

I will head towards the start of the trail. I will walk by a Pop Up Shop in the Greenhouse. As I walk by the Pop Up Shop there will be smells from candles, dress up items made of soft and rough fabrics, felt masks, wands, and books.

I will walk towards the first pumpkin arch where I can take pictures with my family. Here the pumpkins will be lit and there will be kale, cornstalks, and gourds. These gourds will be smooth and bumpy. I will also see meshed fabric This is near the chicken coop. I might hear chickens clucking in the background.

Scarecrow Street

I will walk through Scarecrow Street. Here I will see 20 scarecrows. They are dressed in different clothes with straw coming out. I will walk through the path of lights. This will tell me I am going in the right direction.

Pumpkin Forest

I will walk through a pumpkin arch to enter Pumpkin Forest. I will continue to walk through the lit path to know I am going the right direction. In this section I will see a large pirate ship, Hogwarts Castle, large spider webs, and stands with pumpkins. There will be pumpkins on the ground all lit.

While walking up the hill, I might hear birds or other animals in the forest in the distance.

Haunted Manor

I will see a large brick house and a large tree.

Around the tree I will see ghosts, pumpkins hanging from the trees, and ghosts around the large tree. These ghosts are made of fabric. This fabric may blow in the wind if it is windy. There may be lights in the windows of the house.

Concessions Tent

I will walk towards the concession tent. I will see lanterns and witches hats hanging from the roof. I might smell apple cider and apple cider donuts..The tent will be filled with delicious treats we can purchase to eat.

Hero Road

After I leave the concession stand, I will start to walk down the hill. Here I will see many mannequins dressed in costumes. They are fake and will not move or jump out at you. Here you will also see pumpkins hanging from trees.

The Afterlife

After Space and Hero Way, I will approach The Afterlife. This section will have a life size figure under the tree. Don't worry it is fake. It does not move or talk. I will also see gravestones and carved pumpkins.

Vortex and Ghostbusters

I will walk through skyscraper shaped structures. I will see a large figure of the Stay Puff Man made out of pumpkins. I will walk toward the vortex tunnel. It will not be on. I can either walk through it or around it. I will go to the left of the tent to go around it. If I walk through it I will feel like I am walking through a tunnel.

Witches Woods

I will walk to the Witches Woods. I will see pumpkins lit on the ground. I will see a structure with witches inside of it. I will see jars glowing on the shelves, herbs hanging from wall, spiders, and other skeletons.

Dinosaur Way

I will walk towards Dinosaur Way. I will see a volcano, large dinosaurs, ghosts and pumpkins hanging from the trees and under the trees. They are made of fabric and they might move in the wind. I will see haybales with pumpkins on them.
